

INSTRUMENTAL MUSIC IN SUNDAY MORNING WORSHIP

Recently, we became aware of confusion regarding our policy concerning the use of instruments during Sunday morning worship. We apologize for our lack of communication that added to the confusion. We wish to clarify the policy once again. Since 2013 our policy on using instrumental music in worship has been:

- 1) We do not believe, and will not teach, that instrumental worship violates scripture.
- 2) We choose to remain primarily acapella in our Sunday morning worship at this time.
- 3) Occasionally, we will incorporate instrumental music into our Sunday morning worship.

If you have any questions or comments, contact one of the shepherds who will be happy to discuss this with you.
